

M506 Series Fluorescent Light Fixture

The M506 is an enclosed and gasketed twin fluorescent detail lighting fixture. These units are perfect for mirror, corridor or stairwell lighting. The M506 Series options include a duplex receptacle or a single receptacle with a toggle switch.

Housing Die formed marine grade aluminum housing with continuously welded seams.

Lens One piece flat 1/8" thick prismatic acrylic.

Lens frame Manufactured of marine grade aluminum. Hinged the full length on one side, and latched with two spring loaded quarter turn fasteners for easy access to lamps and maintenance of the fixture.

Lamp holders Spring loaded lamp sockets hold lamps securely in position.

Finish White, powder coat finish, inside and out, phosphate pretreated to ensure superior adhesion and rust resistance.

Ballast Standard universal 120-277 VAC, 50/60 Hz, electronic ballast. 15 watt fixtures use 120 VAC, 60 Hz magnetic ballasts. Consult factory for other options.
