

**intent**

The SJ series is designed for bidirectional lighting in high abuse environments, particularly over beds, sinks, and work areas.

mounting

Surface mounts to walls. Its embossed mounting holes create a contraband trapping space between its backplate and mounting surface.

housing

Clamshell housing and door made from sheet steel die formed to shape with seams welded and ground smooth. Outfitted with adjustable, heavy gauge lens retainers and a full length piano hinge with welded pin.

finish

Polyester powder coated after phosphate treatment for superior adhesion and corrosion resistance. Brushed stainless steel is also available.

hardware

Recessed, stainless steel, tamper-proof screws provide luminaire access.

wiring

All electrical components are reflector mounted for easy wiring and maintenance.

certifications

Available with dry, damp, or wet location UL listing.
