

**intent**

The SS series is designed for general purpose lighting in high abuse environments. Its low profile, large window design maximizes light output while minimizing space requirements.

mounting

Surface mounts to ceilings.

housing

Made from sheet metal die formed to shape with seams welded and ground smooth.

door

Outfitted with adjustable heavy gauge lens retainers and a full length piano hinge with welded pin.

finish

Polyester powder coated after phosphate treatment for superior adhesion and corrosion resistance. Brushed stainless steel is also available.

hardware

Recessed, stainless steel, tamper-proof screws provide fixture access.

wiring

All electrical components are reflector mounted for easy wiring and maintenance.

certifications

Available with dry, damp, or wet location UL listing.
