

The SH series is designed for wall mount direct / indirect cell lighting in medium, maximum and super max security detention facilities. Anti-ligature for patient safety

### Mounting

Surface mounts to wall.

### Clamshell Housing

One piece, die-formed cold rolled steel with seams welded and ground smooth, 14 gauge lens retainers and a full length, welded pin piano hinge. Stainless steel available.

### Back Plate

16 gauge die-formed cold rolled steel with embossed mounting holes to create a contraband drop slot / irretrievable blade trap. Stainless steel available.

### Internal Lens

Optic Plus lens (standard) completely hides diode image while providing greater than 90% light transmission.

### Finish

Polyester powder-coated after phosphate pretreatment for superior adhesion and corrosion resistance. Brushed stainless steel available.

### Hardware

Recessed, stainless steel, tamper-proof fasteners.

### Driver

0-10Vdc dimming, Range 1%-100%, Factory programmable -40C Min. starting temperature, >0.9 PF, <20% THD

### Wiring

Driver provided with pre-wired 3-wire self-aligning input power quick disconnect and 2-wire quick disconnect to LED module.

### Certifications

UL Listed damp or wet location. IP34 rated. Covered ceilings only.

<b>122</b>	<b>Optic Plus diffusing acrylic</b>				<b>1.00</b>	92	.250" Clear tempered glass			1.03
<b>90 CRI Multiplier</b>		<b>.83</b>				96	.375" Clear tempered glass			.99

## Specified Output Option

L.C. Doane programmable drivers allows us to deliver a specific lumen output. If none of the options in the chart above fit your application, let us know the desired lumen output and we will do the rest. See the example how this will be specified.

**Example Model:**

SH2-**XX/XX**<sup>1</sup>SO-40/80-DCW-VARDM-122/32-TPKD-(**XX**<sup>2</sup>/**LUMENS**)

**LUMENS** = You provide the lumens.

**XX**<sup>1</sup> = We will determine the number of rows.

**XX**<sup>2</sup> = We will provide the wattage information.
